Krka National Park lies within Šibenik-Knin County, and covers a total area of 109 km² of the loveliest sections of the Krka River, and the lower course of the Čikola River.

The national park is a vast and primarily unaltered area of exceptional natural value, including one or more preserved or insignificantly altered ecosystems. The purpose of the park is primarily to serve science, culture, education and recreation, while tourism activities have also been introduced for its visitors.

Including the submerged part of the river at the mouth, the Krka River is 72.5 km long, making it the 22nd longest river in Croatia. It springs in the foothills of the Dinara mountain range, 2.5 km northeast of Knin. With its seven waterfalls and a total drop in altitude of 242 m, the Krka is a natural and karst phenomenon. The travertine waterfalls of the Krka River are the fundamental phenomenon of this river.

EARLY DINNER AT ETHNO VILLAGE PAKOVO SELO <http://www.dalmati.com/index.php/en/>

The ETNOLAND experience begins with your journey to the Dalmatian hinterland, to Pakovo Selo. Here, you can expect a 1.5-3 hour day or evening experience taking place no matter the weather conditions and all year long.

There, after a formal and for us Dalmatians sacred welcome ceremony; you'll be welcomed into the village. Listen to Dalmatians tell stories of their ancestors and history, see and learn about Dalmatian customs and tradition. See Dalmatian stone houses, traditional tools and utensils, learn how households were run, experience traditional Dalmatia and so much more.

The ETNOLAND experience culminates in a splendid feast for your palette. ETNOLAND Dalmati offers visitors indigenous Dalmatian food and drinks, and delicacies such as those prepared under "peka" in the traditional way, "Drniški pršut" smoked ham, traditional red and white wine.
